

Dear Mr. Mustermann,

The soccer world cup has ended successfully for Spain and especially the ear-deafening noisemakers called Vuvuzelas will stay in good memory. More important, it is now half-time of the fiscal year 2010 and therefore worth to take a look back, from Hilscher's point of view, at this year's highlights.

Hilscher as provider of industrial communication solutions is very satisfied with the latest business figures of 2010. During the tough economic situation last year Hilscher took acyclic action and invested heavily in the development of new products and continuous improvement of existing solutions. For the second half of 2010, Hilscher expects further economic growth and an increase of the good business figures achieved so far.

Latest product highlights 2010:

- **netTAP100:** Industry's most flexible Gateway for Fieldbus, Real-Time-Ethernet and serial protocols. New firmware releases: now over 130 protocol combinations available.
- **netBRICK:** Extreme rugged Gateway in safety class IP67 for Fieldbus, Real-Time-Ethernet and serial conversions
- **netLINK-SCADA:** Web visualization plug (incl. *atvise®* by CERTEC) for SIMATIC-S7® PLCs
- **comX:** Modules for Real-Time-Ethernet protocols as well as traditional fieldbus systems both available as Master and Slave.
- **netANALYZER:** Quick and reliable troubleshooting of Real-Time-Ethernet Systems
- **Hilscher is now officially CC-LINK 2.0 certified**

The technology know-how of Hilscher and the sensitivity to the needs of our customers make Hilscher your professional communication partner you can rely on. The Hilscher customer centre is glad to assist you by telephone or e-mail with the latest Hilscher product portfolio and with information about availability of new products.

Thank you for your confidence and we hope you continue to stay loyal with us as a valuable customer, as well as a dedicated reader of the Hilscher newsletter.

The next edition of the Hilscher newsletter will appear in September 2010 and until then we wish you a wonderful summer.

With best regards,
Hilscher Gesellschaft für Systemautomation mbH
