

Embedded Modules

Unmatched Flexibility for all Cybersecure Networks

- Fast time-to-market with qualified and pre-certified modules
- Tailored solution for all Industrial Ethernet, Fieldbus, and IIoT protocols
- Fast integration of a cybersecure network interface into an automation device
- Reduced development expenditures with low initial and recurring costs
- One-stop shop with hardware, firmware, configuration tools and support as part of the Hilscher platform strategy

Smooth integration into field devices and controls

empowering communication
